

Extracts from
Spiritual Journey
by Archbishop Marcel Lefebvre

...I can hear them say: "You exaggerate! There are many good bishops who pray, who have the Faith, who are edifying..." Were they saints, as soon as they accept the false religious liberty, hence the secular State; false ecumenism, and hence the admission of many ways of salvation; of liturgical reform, and hence of the practical negation of the Sacrifice of the Mass; of the new catechisms with all their errors and heresies, they officially contribute to the revolution within the Church and to its destruction!

The current Pope and bishops no longer hand down Our Lord Jesus Christ, but rather a sentimental, superficial, charismatic religiosity, through which, as a general rule, the true grace of the Holy Ghost no longer passes. This new religion is not the Catholic religion; it is sterile, incapable of sanctifying society and the family.

One single thing is necessary for the continuation of the Catholic Church: fully Catholic bishops, who make no compromise with error, who found Catholic seminaries, where young candidates for the priesthood can nourish themselves with the milk of true doctrine, placing Our Lord Jesus Christ at the center of their intellects, of their wills, of their hearts; who have a living faith, profound charity, a devotion without bounds, uniting them to Our Lord. They will ask, as did St. Paul, that we pray for them, that they advance in understanding and wisdom of the *Mysterium Christi*, of the mystery of Christ, where they will discover all of the divine treasures.

Let them prepare themselves to preach Jesus Christ, and Jesus Christ Crucified... "*importune, opportune,*" "in season, out of season..." (II Tim 4:2).

Let us be Christians! That even all of the human, rational sciences may be enlightened by the light of Christ, Who is the Light of the World and Who gives to each man his intelligence when he comes into the world.

The evil of the Council is the ignorance of Jesus Christ and of His Kingdom. It is the evil of the bad angels, the evil which is the way to Hell.

It is because St. Thomas had an exceptional knowledge of the Mystery of Christ that the Church chose him as Her Doctor. Let us love to read and re-read the papal encyclicals on St. Thomas and the necessity of following him in the formation of priests, in order to not hesitate an instant in proclaiming the richness of his writings and, above all, of his *Summa Theologica*, to communicate to us an unchanging faith and the surest means to arrive in prayer and contemplation, at the celestial shores which will then no longer abandon our souls inflamed by the spirit of Jesus, regardless of the ups and downs of this earthly life.
